

**ELECTRO
ARC**

The world's largest manufacturer of
metal disintegrators offers you

PRECISION

**Moly
Tube**

for thermocouples

manufactured to meet
your requirements

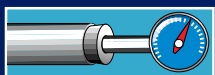

1. We start with only 99.95%
PURE Molybdenum stock

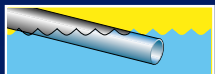

2. We manufacture our tubing to tight tolerances

3. We finish with CENTERLESS grinding to
-.002/-.0 O. D. tolerances in random lengths

4. We carry out **high-pressure** under-water
leak testing on EVERY piece

5. We **thoroughly clean** and
completely dry every piece

6. Each tube is sealed to
eliminate contaminates

**In most cases, blanket
released orders get 2
to 3 week delivery**

Made in USA

1-09
